**How Will We Calculate Your Balance?** We use an Average Daily Balance calculation (including new purchases).

**How Will We Calculate Your APR?** To determine your APR for purchases, cash advances and balance transfers, we add a margin of 7.25% - 15.25% to the index (Prime Rate).

**Loss of Introductory APR:** We may end your introductory APR and apply your standard rate of 11.50% - 19.50% if you fail to make the required minimum monthly payment on time. If an introductory APR is terminated, it will not be reinstated.

**Prime Rate:** The Prime Rate used to determine your APR is the New York Prime Rate published in the Central Edition of the Wall Street Journal on the Friday immediately preceding the 15<sup>th</sup> day of the month prior to the month in which the current cycle begins.
